

maf::math::correlated
_shocks

maf::math::covariance

maf::math::Vector::at

```
graph LR; A[maf::math::correlated_shocks] --> C[maf::math::Vector::at]; B[maf::math::covariance] --> C;
```

The diagram consists of three rectangular boxes. On the left, there are two white boxes with black borders, one above the other. The top box contains the text 'maf::math::correlated_shocks' and the bottom box contains 'maf::math::covariance'. On the right, there is a single gray box with a black border containing the text 'maf::math::Vector::at'. Two blue arrows originate from the right side of the two white boxes and point towards the left side of the gray box, indicating a relationship or flow from the left-hand variables to the right-hand variable.
