

maf::math::operator*

maf::math::outer_product

maf::math::kernels::dot

```
graph LR; A[maf::math::operator*] --> C[maf::math::kernels::dot]; B[maf::math::outer_product] --> C;
```

The diagram illustrates a dependency or inheritance relationship. On the left, two white rectangular boxes with black borders contain the text 'maf::math::operator*' and 'maf::math::outer_product'. On the right, a gray rectangular box with a black border contains the text 'maf::math::kernels::dot'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the gray box, indicating that both 'operator*' and 'outer_product' are associated with or point to the 'kernels::dot' function.
